- **Soft Skills:** Teamwork, Problem Solving, Time Management, Communication, Adaptability

INTERNSHIP EXPERIENCE

Python Development Intern – CodeSoft

Aug 2025 – Nov 2025

- Developed Python scripts to automate data processing and routine tasks, improving workflow efficiency by 25%.
- Cleaned, transformed, and analyzed datasets using Pandas and NumPy for actionable insights.
- Designed reusable functions and modules to optimize project development and maintenance.
- Debugged and optimized Python programs, increasing accuracy and reducing runtime errors.
- Collaborated with team members to integrate Python solutions into larger web and data projects.

PROJECTS

Personal Portfolio Website

Dec 2025

Tech Stack: React.js, Tailwind CSS, HTML5, CSS3

- Developed a fully responsive personal portfolio website showcasing projects, skills, and achievements.
- Implemented mobile-first design and smooth navigation for enhanced user experience.
- Integrated contact forms and social links for professional networking.
- Optimized website performance for faster load times and SEO-friendly structure.

Student Data Analysis (Python)

Tech Stack: Python, Pandas, NumPy, Matplotlib, Seaborn

- Conducted descriptive and exploratory data analysis on student datasets.
- Visualized trends and patterns using Matplotlib and Seaborn.
- Generated reports and visual summaries for data-driven insights.

ACHIEVEMENTS

- Solved 500+ programming problems across Python, C, and JavaScript platforms.
- Completed 100+ DSA problems using Striver's A2Z Sheet to strengthen algorithmic skills.
- Hands-on experience in developing full-stack MERN applications.
- Continuously improving problem-solving and coding skills through regular practice and learning.
