PROFESSIONAL SUMMARY

Motivated and detail-oriented BCADS&AI student with strong programming and analytical skills. Skilled in Python, JavaScript, and full-stack web development. Experienced in data analysis, visualization, and building responsive web applications. Adept at problem-solving, debugging, and implementing efficient solutions. Eager to contribute to inno-vative software projects and develop professional expertise in data-driven applications.

EDUCATION

Bachelor of Computer Application (Data Science & AI)

Babu Banarasi Das University (BBDU), Lucknow

Sept 2024 – May 2027

CGPA: 8.94

Intermediate – UP Board

VPSM Inter College, Pratapgarh, UP

April 2022 – March 2023

Percentage: 89

TECHNICAL / SOFT SKILLS

Programming Languages - Python (Data Analysis, Automation), C, JavaScript (ES6+), SQL

Frontend Development - HTML5, CSS3, React.js, Tailwind CSS, Responsive Design

Backend Development - Node.js, Express.js, REST APIs

Databases - MongoDB, MySQL, Cloudant (NoSQL)

Tools & Platforms - Git, GitHub, VS Code, Jupyter Notebook, IBM Cloud

Libraries / Frameworks - Pandas, NumPy, Matplotlib, Seaborn, Flask

Soft Skills - Teamwork, Problem Solving, Time Management, Communication, Adaptability

INTERNSHIP EXPERIENCE

Python Development Intern – CodeSoft

Aug 2025 – Nov 2025

- Developed Python scripts for automating data processing and routine tasks, improving workflow efficiency by 25%.
- Cleaned, transformed, and analyzed large datasets using Pandas and NumPy for better decision-making insights.
- Designed and implemented reusable functions and modules to optimize project development and maintenance.
- Debugged and optimized Python programs, improving accuracy and reducing runtime errors.
- Collaborated with team members to integrate Python solutions into larger web and data projects.

PROJECTS

Personal Portfolio Website

Dec 2025

Tech Stack: React, Tailwind CSS, HTML, CSS

- Developed a fully responsive personal portfolio website showcasing projects, skills, and achievements.
- Implemented mobile-first design and smooth navigation for improved user experience.
- Integrated contact form and social links for professional networking.
- Optimized website performance for faster load times and SEO-friendly structure.

Student Data Analysis (Python)

- Performed descriptive and exploratory data analysis on student datasets.
- Visualized data trends using Matplotlib and Seaborn for academic performance insights.
- Generated reports and visual summaries for easy interpretation of results.

ACHIEVEMENTS

- Solved 500+ programming problems across Python, C, and JavaScript platforms.
- Completed 100+ DSA problems using Striver's A2Z Sheet for algorithm mastery.
- Hands-on experience in developing full-stack MERN applications.
- Continuously improving problem-solving and coding skills through regular practice and learning.
